

What are cookies?

Cookies are small text files that are placed on your computer, smartphone or other device whenever you access the internet.

This website, along with many others, uses cookies. Cookies allow you to navigate around sites and then enable us to tailor the content to fit your needs. Without cookies enabled we can't guarantee that your experience of the website will be at its best.

None of the cookies we use collects your personal information and they can't be used to identify you.

The length of time a cookie stays on your device depends on its type. We use temporary cookies which only exist during the time you are using the website. These help to remember details from a previous page, so avoiding the need to re-enter information.

You could visit www.aboutcookies.org if you are interested in finding out more about cookies for your particular browser. You'll also find details on how to delete cookies from your computer.
