

## **Walks on the Commons**

Following the easing of Covid restrictions, we have been very pleased to be able to re-start our programme of walks to look at different aspects of our 180 acres.

In November 2021, we had a walk focusing on how the Commons were used in the First World War, and in February 2022 we looked at the recent work done by our Keepers and Volunteers.

Walks are advertised via email to our mailing list, and reservation is required.

To join our mailing list to receive our monthly online Newsletter and details of walks and other events, please email [contactus@chislehurstcommons.uk](mailto:contactus@chislehurstcommons.uk)

We look forward to seeing you!
